## High Jinks October 20th At Club House

**Cabaret-Dinner-Dance to Set  
High Point for Season's  
Social Activities**

**Splendid Program by Local  
and 'Imported' Song and  
Dance Artists**

A departure from the usual old-fashioned chicken-pie dinners will be made in the staging of a cabaret-dinner-dance with a chicken-pie dinner at the Woman's Club House on October 20, at 7 o'clock, according to Mrs. Carroll E. King, who is chairman of the Ways and Means committee of the Woman's Club.

Cabaret dinners have been given in the past, and have excited much favorable comment as staged under Mrs. J. Milton Steinberger's directions in former years. Mrs. Steinberger and Mrs. R. M. Finlayson are collaborating on this one, together with a professional from the West Coast theater, in fact she has just come from the "Good News" musical comedy company. Selections from the "Desert Song" and "Good News" will be sung by local artists, in costume. No names of the participants are being given out at this time, except to mention that Milton Steinberger and R. M. Finlayson form a team in one skit that will be a scream. A pony ballet of local girls, solo dances by Mrs. Inez Black, and others, and many other features promise the evening's entertainment to be full of high lights.

Fep Prince Jazz Dance Orchestra will furnish music from 7:30 throughout the evening.

Young people who do not care for the dinner, but who would like to enjoy the dance may come at 8:30.

Tables for bridge will be available for those who do not care to dance.

Mrs. Carroll King wishes all reservations to be made thru her, Blue 175, not later than Thursday the 18th of October.

Mrs. Homer Glidden will transform the club house, thru the Halloween motif, into a thing of beauty and mystery.

Many prominent people are in the stage and dance acts. Come out and see for yourself who they are. This is open to everyone, and not limited to club members. Tickets are on sale at Sadler's and the Central Pharmacy.

## Patrolman Is Killed by Fast Train

**M. E. Morris Was Formerly  
a Member of Local  
Force**

Patrolman M. E. Morris of Monrovia, formerly a member of the Sierra Madre police force, was killed last Friday afternoon when he drove in front of the Santa Fe limited at Monrovia. The news came as a shock to his friends here, several of whom were present at the largely attended funeral services held on Monday in the Monrovia Christian Church.

According to witnesses, Morris drove up to the railway crossing where a freight train had been cut in two for switching. He passed and then drove onto the track, apparently assuming that the wigway was being operated by the standing cars. Just as he reached the main track the fast passenger train struck his car and he was killed instantly.

Morris worked as night watchman in Sierra Madre about six years ago. On account of his unusual size he was dubbed "Tiny," and was universally popular.

## Regular Baby Clinic Set For Next Thursday

The next regular session of the Well Baby Clinic will be held in the Park House next Thursday, October 18. Attention of mothers of small children is called to these free clinics which have proven of benefit to so many families. Sessions are held on the first and third Thursdays from 9:30 to 12 o'clock.

Mrs. Kate Jackson of Alhambra spent the week end at the home of Mrs. Bertha B. Miller, 439 Mariposa Avenue. She was much pleased with Sierra Madre and the friendly spirit of the people she met while here, and may return here to reside.

## Armistice Day To Be Observed In Double Event

Armistice Day in Sierra Madre will be observed both afternoon and evening, according to announcement of officers of the American Legion. Baseball will furnish some real sport in the afternoon, with a game between the regular Sierra Madre team and a special team of Legion members. In the evening, the Legion will stage another of their carnival dances in the Woman's Club House. These events have always provided a maximum of entertainment and plans for this year's event promise a big time for all who attend.

## Russia and Poland Will Be Depicted

**Stereopticon Lecture to Be  
Given in Bethany  
Church**

Russia is the great country which is causing so much anxiety to the whole world today. How much do we know of the perplexities, problems, burdens and heartaches in the lives of the populace of that vast land? Their need is great, and our opportunity is great.

Next Friday evening, Oct. 19th, Mr. George W. Hunter, representing the American European Fellowship, will show stereopticon views of life in Russia, Poland, Bulgaria, Czechoslovakia and other countries, which make a vivid impression of conditions as they exist today on the other side of the globe.

The invitation is cordially extended to everyone, whether strangers, visitors, or other residents of this community, to come and enjoy the evening in Bethany Church. The pictures will be shown at 7:45 p. m. Special music, and a social time will follow.

## Mrs. Railsback Passes Away at Home of Daughter

Mrs. Joan Railsback, 74 years of age, died at the home of her daughter, Mrs. John Tyree, 140 South Hermosa Avenue, Monday evening following an illness of some time. Services were held in the chapel of the Grant Undertaking parlors Tuesday afternoon with Rev. A. O. Pritchard officiating. Hymns were sung by Mrs. May Barlow. The body was shipped to Atchison, Kansas, where it will be laid in the family plot beside two daughters.

She is survived by her husband, J. T. Railsback, five sons, Thomas, Walter, John, J. T. Jr., and Bryan, and one daughter, Mrs. Agnes Tyree. Mr. Railsback and Mr. and Mrs. J. T. Railsback Jr., accompanied the body to Kansas.

Mrs. Railsback has been a resident of Sierra Madre about ten years, during which time she made many friends, not only in Sierra Madre but throughout Southern California. She was known to all as "Mother" Railsback and her death came as a shock to many. She had been active all her life in church work and was a member of the Eastern Star chapter. All through her life Mrs. Railsback had been somewhat of an invalid, but never complained, and her smiling personality was a great influence with those who came in contact with her.

## Little Girl Succumbs to Severe Burns

**Six-Year-Old Betty Coleman  
Passes Away a Month  
After Injury**

Betty Jane Coleman, 6-year-old daughter of Mr. and Mrs. Henry P. Coleman, 633 West Montecito Avenue, passed away last Friday, as the result of burns sustained just four weeks previously. The little one passed away at the Pasadena hospital where she was taken for treatment which proved to be unavailing. Her dress became ignited while at play and severe burns were inflicted before the flames could be extinguished. Funeral services were conducted Monday afternoon at the Ray A. Grant chapel by Rev. W. D. Ogg of Bethany church. The remains were taken to Sunnyside Mausoleum, Long Beach.

The Coleman family came here about a year ago from Long Beach where Mr. Coleman was for several years a lieutenant in the life guard service. Their distressing loss has brought them the sympathy of the community.

Sierra Madres' contributions to the Red Cross relief fund for Florida and West Indies hurricane sufferers has nearly reached the \$1000 mark. Chairman Humphries reports a total of \$982.50 to yesterday afternoon.

Part of the names published today should have been printed in last week's list of contributors. They were inadvertently omitted because names were written on both sides of some of the sheets furnished for publication.

Additional contributors are as follows:

## Band Plans Concert and Minstrel

**More Members Needed to Insure Success of the Organization**

The Sierra Madre band, which made such a splendid impression in its first appearance on the city park concert series recently, is planning an indoor concert to be given shortly after the holidays.

Following the concert, interest in the organization has been at somewhat low ebb. Whether some of the young musicians over-exerted themselves during the high pitch of enthusiasm, or whether some other cause has interfered, the fact remains that the rehearsals the past three weeks have not been well attended. Notwithstanding this, Director Leland Auer has been doing fine work with the material at hand, aided in large measure by Frank Hildebrand, who has a 100% attendance record.

Parents of youthful musicians are again urged to get in touch with Mr. Auer or Mr. Hawks in regard to membership in the band. A "poll" of possible instrumentalists discloses that many young people who have huddled the early stages of practice have failed to show up at a single rehearsal of the band. There should be 25 or 30 boys of high school age who should welcome the opportunity the band presents for worthwhile practice.

If the present plans materialize the coming entertainment will probably combine a band concert and minstrel show, and a small admission fee will be charged.

Miss Grace Borradaile returned last week from Europe where she spent the summer. She traveled thru Norway, Sweden, Denmark, Germany, France, Spain and England.

At a special meeting of the Vestry of the Church of the Ascension held on Saturday evening, October 6th, the Rev. Leslie Hill was elected as rector.

## Funds Are Needed To Complete Quota For Boy Scouts

The Central Service Committee held its regular meeting at the Chamber of Commerce office Monday night with George Norris, presiding.

Charles E. Klunk reported \$180.50 had been collected on the Boy Scout fund, but \$120 is still needed to complete the quota. He stated eight men had been appointed to canvass the community and it is hoped the sum can be raised.

E. D. Burbank spoke of the possibility of giving a dinner once a month, or every other month to discuss community affairs. He stated in this way a large number of the misunderstandings would be avoided as matters of civic interest could be discussed and questions on various subjects answered. A committee was appointed to investigate the plan and report at the next meeting.

Mr. Burbank also reported on the progress of the committee appointed to investigate the school situation. He spoke of two legislative measures which would be introduced within the next year or two which would probably affect the school system, especially the junior high school grades. One was the county unit system and the other a system which would eliminate the seventh and eighth grades from the elementary school system, placing these two grades in junior high school whereas at the present time these grades secure funds from the elementary school taxes.

R. C. Copenhaver, Frank Spencer and R. A. Calkin were appointed to investigate the advisability of a community chest in Sierra Madre, whether the plan would be feasible, its advantages and disadvantages.

## Blakeslee is Appointed To Council

**Live Oak Avenue Resident  
Takes Place of Col.  
Hall**

George F. Blakeslee, 461 West Live Oak, was chosen to fill the place on the city council made vacant by the passing of Col. Herman Hall. He was appointed at a special meeting of the council last Friday night, the last date on which a candidate could be made without calling a special election. At Tuesday night's regular meeting Mr. Blakeslee was sworn in and city business was transacted by a full board. Mayor Thayer appointed him a member of the finance and water committees, and also to the place on the planning commission held by Col. Hall.

Willis S. Jones, water engineer, was agreed upon by the council to make the investigation of the Santa Anita water basin as the basis for settlement of the claims of Arcadia, Sierra Madre, Oakwood Syndicate, and Monrovia. Sierra Madre and Arcadia will pay 33 per cent each, and the balance will be paid by Monrovia and Oakwood Syndicate, the total not to exceed \$1000.

The council voted to have all records of the city engineer's office maintained in the room provided therefor in the city hall. Because of the fact that the city engineer's force performs a certain amount of private business, Mr. Gierlich will pay a rental of \$15 monthly.

Central Avenue opening and widening proceedings were taken out of "status quo" where they were voted on motion of Councilman Myers pending the filing of the vacant place. The city clerk was instructed to try to arrange a conference between County Road Commissioner Jones and the council to discuss Central Ave. matters.

## Color Films Lifelike On Silver Screen

First showing in Sierra Madre of the new Kodak motion pictures in color was made this week by Rudolph Hartman at the Hartman drug store, local Kodak agents. One of the new Kodascope projectors, equipped for throwing the natural color films on the screen was received just in time to show the first reel of color films which Mr. Hartman had sent to the factory for development.

Most of the reel is occupied by the kindergarten pupils, romping on the lawn at the public school. Flesh tints, various shades of hair, and dresses of many colors are shown with remarkable fidelity. Mr. Hartman also has a lengthy reel of film which he exposed while on his recent trip to San Francisco on the occasion of the national pharmacists' convention.

## Hoover Clan Make Ready For the Fray

**Open Headquarters to Carry  
On Campaign Work in  
Sierra Madre**

**Organization to Be Formed  
at Meeting Called for  
Tonight**

Republicans of Sierra Madre held a meeting Monday night in the office of Andrews & Hawks to form an organization and open campaign headquarters in Sierra Madre. Space has been secured in the Kersting garage building, 45 West Central Avenue, where work for the Hoover-Curtis ticket will be centered.

Elmer A. Green was chosen as temporary chairman at the meeting Monday night, with Willard A. Evans as temporary secretary. It was intended merely as a preliminary organization and it is reported that M. Penn Phillips, a local member of the county central committee who was present, will be named permanent chairman.

All persons who are interested in the election of Herbert Hoover as president are invited to attend a meeting in the headquarters this evening. At this meeting a permanent organization will be effected and campaign plans will be formulated.

Headquarters were formally opened this morning. Workers will be kept there to give out literature and buttons and answer questions. Use will be made of the radio for reception of addresses by republican speakers.

Mrs. Boyd Keith entertained Tuesday night with a birthday dinner party in honor of Mr. Keith at their home, 326 East Central. Eight tall pink tapers shed a soft light over the beautifully appointed table. The pink color scheme was carried out in flowers, favors, and the decorated birthday cake. The guests were Mr. and Mrs. William Roether of San Gabriel, Mr. and Mrs. Gordon Brooks, and Mr. and Mrs. Waverly E. Pratt.

Convers L. Twycross is spending the week in San Francisco, where he is attending the sessions of the Masonic Grand Lodge of California.

## Opening Day At Johnson's Is Announced

**Complete New Candy Stock  
and Free Samples  
Tomorrow**

Now that they have had time to get their bearings, the new proprietors of Johnson's News Stand announce a formal opening of the store tomorrow. It seemed particularly appropriate to set the event for the second Saturday in October which is National Candy Day.

To properly celebrate the event some unusual things have been done. In the first place, free samples of Leiby's finest candies will be distributed to visitors at the store by a young woman sent out by the factory. And then, to make sure that customers get nothing but fresh, palatable candy at Johnson's, a complete new stock of candy has been put in. Every bit of candy in the store when it was taken over has been replaced, so that all candy in stock is absolutely new. Arthur Johnson, Jr., who is associated with his son, Arthur III, declares it will be their fixed policy to handle thoroughly good candy and to keep only fresh stock.

Several other brands of candy besides Leiby's are carried in stock. In addition there is a seasonable stock of Halloween novelties and other things appropriate for fall social affairs.

## Famous Educator To Speak Here Sunday Night

Dr. Ozora Davis is to speak at the First Congregational Church on Sunday evening at 7:30. At that time a portrait of Dr. Fred Staff will be unveiled. This has been presented to the church by a friend and will hang on the wall of the Men's Class Room which has been dedicated to Dr. Staff.

Dr. Davis is president of the Theological Seminary where Dr. Staff graduated and was a warm personal friend. As Dr. Davis is to be in this region but two weeks the church here is very fortunate in being able to secure him for this service. He should be greeted with a large audience.

## Radio Fans Now Enjoy Sets With Minimum Effort

Two things have turned out to be particularly gratifying to the members of the Sierra Madre Hardware Company in connection with their agency for Atwater Kent radio sets, says W. S. Hull. In the first place the sale of sets has been surprisingly good. In the second place, and equally important, is the satisfaction which Atwater Kent users report from their new sets. For the most part they speak enthusiastically of the results they are getting. The simplicity of operation of the new single dial, electrically operated sets makes them available for everyone. All the bother of batteries and complicated dial settings is eliminated and the radio user of today gets the maximum enjoyment with the minimum of effort.

## Udell Takes Highway Job Near Corona

**Season for Road Work at  
Grand Canyon Closed  
by Cold**

A. M. Udell left this week for Corona where he will be superintendent for the contracting firm of Pearson & Dickinson of Riverside. He will supervise a Riverside county highway construction job, for a road between Corona and Wineville.

Called home by the passing of his mother last week, Mr. Udell had made arrangements so that he need not return to Grand Canyon, Arizona, until spring. He has spent about five months there supervising a government highway contract along the south rim of the canyon. With the approach of the bitter cold weather which makes it necessary to shut down road operations, only one week's work remained for the season. He left W. E. Hoover, formerly of Sierra Madre, to boss the job for that period.

During the summer Mr. Udell attended the Western Road convention in Boise, Idaho. The convention was largely attended by highway builders and officials from the mountain and northwest states, and a fair delegation from Southern California. Some important changes in specifications for asphalt macadam roads which Mr. Udell recommended were approved by the convention for standard highway use.

Geneva M. Aldridge, of 80 East Monticeto Avenue, passed away last week at her home, following a prolonged illness. She was a native of Illinois, being born in Makanda. Surviving are her parents, Mr. and Mrs. W. A. Aldridge, brothers, A. A. Aldridge of Phoenix, Ariz., G. R. Aldridge of Los Angeles and H. B. Aldridge of Sierra Madre, and a sister, Flora Aldridge, of this city. Rev. William D. Ogg officiated at funeral services, held Saturday in the Lamb Funeral Chapel on West Central. Interment was in Mountain View Cemetery, Pasadena.

St. Rita's Hall will be the scene of another of the delightful card parties next Tuesday night, October 16. There will be tables for bridge and 500, with refreshments and prizes, including a door prize.

## Body Found On Slope of Mt. Wilson

**Remains Identified as Woman  
Who Smothered Her  
Child**

Remains of a woman, presumably dead several months, were found by hikers near the junction of the Sierra Madre trail and Mt. Wilson toll road last Saturday.

Police investigation resulted in identification as the remains of Mrs. Winnie Howard who was arrested more than a year ago on a charge of smothering her infant son in a Los Angeles hotel. After her hearing at that time on a psychopathic examination she was paroled to her sister, Mrs. Minnie Talbro of Calmont. She disappeared about five months ago.

It is presumed Mrs. Howard wandered to the mountains as she had done before when mentally upset in connection with the death of her child. Whether she committed suicide or died from exposure could not be determined from the remains. Identification was made by means of false teeth, and also a kodak negative of a baby boy. The gruesome find was made by Phillip Matzinger of 965 North Sierra Bonita and Celeste McCreary, 445 North Oakland, Pasadena.

## "The Wren" Sponsored By Masons

**Clever Tarkington Play Will  
Be Given by Capable  
Performers**

**Members of Cast Are Well  
Known to Local Play  
Enthusiasts**

That delightful Booth Tarkington play, "The Wren," will be given by a sparkling, all-star local cast Friday and Saturday nights, October 26 and 27. The play is given by special arrangement with Samuel French of New York, under the direction of Mrs. H. E. Allen. The subtleties of the piece are being cleverly developed by the players and its staging in the Woman's Club house promises to be one of the most enjoyable dramatic offerings in a long time.

Local play lovers will find many of their favorites admirably cast. David S. Buchan will be seen as "the old sea cap'n." Mrs. Alma Morgan will portray the vamp from the big city. Miss Edith Blumer "makes the shortcake famous" in the New England tavern. James N. Hawks is bellhop and head porter. Mrs. Janet Wood has the role of a New England schoolma'am. Wilfred C. Gruit is "the soul of art." H. C. Tweedale, a newcomer, is a suspicious husband and not entirely without cause.

This has been aptly referred to as a cast to attract thousands where only hundreds can be accommodated.

## Mrs. James Laidlaw Is Laid to Rest At Mountain View

Mrs. James Laidlaw passed away on Tuesday at the family home, 169 North Lima Street. She was 56 years of age and a native of Scotland. She had been a resident of Sierra Madre the past six years, coming here from Canada.

Mrs. Laidlaw is survived by her husband and three daughters, Mrs. Agnes Redpath, Miss Jessie Laidlaw and Mrs. Jean Ware. The remains were taken to the Grant funeral parlors and services were held Thursday afternoon at Bethany Church, being conducted by Rev. W. D. Ogg. Interment took place at Mountain View cemetery.

## Col. Hersey Will Speak On Weather

**Men's Community Club to  
Have Dinner Meeting  
Thursday**

Col. H. B. Hersey, head of the U. S. Weather Bureau in Los Angeles and veteran member of the army signal corps, will be the speaker at the first fall dinner of the Men's Community Club in the Congregational Church on next Thursday night. Col. Hersey is an interesting speaker, with a vast fund of information and experience to draw upon. He will tell about the operation of the weather bureau, how forecasts are made and what services are rendered the public by the bureau.

Dinner will be served at 6:30 by a committee of church women. The program will include some entertainment features of interest, including a golf contest. Tickets for the dinner may be secured at Hartman's, the Sierra Madre Hardware Store, Wheelings or various club members. All men of the community are cordially invited.

## Halloween Party Planned by P.T.A. To be Announced

The next meeting of the Parent-Teacher Association will be held next Wednesday afternoon at 2:30, according to Mrs. A. M. Croxson, chairman of the publicity committee, the meeting to be held as usual in the kindergarten room. Plans for the annual Halloween party will be discussed and it is urged that the members make every effort to be present. Last year's party was a tremendous success and it is the intention to stage an equally successful affair this year. Special entertainment features will follow the dinner hour, and a good time is assured not only the kiddies, but the older folks as well.

Complete announcement will be made at an early date.

Mr. and Mrs. W. J. Schiltz and family were dinner guests on Sunday at the home of Mr. and Mrs. Ed Arend of Los Angeles.

If you are going to sell 'em, you've got to tell 'em," the speaker declared, "and keep on telling 'em, thru your newspaper, and more than ever in slack times."

## Woman's Club Notes

### Woman's Club In First Meeting of Year—

The Woman's Club House presented a pretty picture on Wednesday afternoon when nearly 150 club women attended the luncheon at 12:30, which preceded the fall opening of the club. Mrs. John Lowe gave the invocation. One of the pleasant features of the luncheon was the birthday table, with Mrs. Frank Hart as hostess, where all club members having October birthdays were seated, and on which a lovely birthday cake with candles occupied a conspicuous place.

The afternoon session was opened with several delightful numbers by the Auer Trio, who were well received and later rendered several more pleasing numbers.

Miss Harriet Grant, who succeeds Mrs. Fletcher White in the president's chair, was literally showered with bouquets, as an expression of love and goodwill for her very popular and gracious work.

Miss Grant opened the year's work with a few words of welcome and praise for the splendid work of Mrs. W. J. Lawless through the summer sessions of her section. Mrs. Lawless responded, and introduced Dr. Ralph Chambers of the faculty of the University of California at Berkeley, who spoke on "State Parks." Dr. Chambers spoke briefly to the effect that millions of years ago the Redwoods, our own sequoias, lived in Asia, Greenland and Europe, that it had been a world-wide forest of the past, as shown by fossil formations now being unearthed, and that the last refuge of these wonderful trees is in California, and we must protect them. Most parts of the world have become unsuited to them, but we have ideal conditions in California and we must cherish them. It is a "record of the past and an indication of the future."

Likewise our beaches are in danger of becoming extinct, as only 3 per cent are now open to the public. Vote yes on Number 4 and save our Redwoods and Beaches to posterity, he urged.

Mrs. Fred Griebner spoke appreciatively of two beautiful gifts to the club, two paintings of rare beauty, one from Mr. Alfred J. Dewey, "Twin Peaks, Sequoia National Park," presented by Mrs. Dewey, the other from Dr. L. L. Krebs, "Eucalyptus and Laguna Beach," presented by Mrs. C. W. Collins. Clubwomen appreciate these two beautiful paintings which add greatly to the dignity and charm of the club rooms, and thank the donors who are likewise the notable artists of the productions.

Another highly prized gift was the framed list of the forty-one charter members of the Woman's Club, the artistic work being done by Mrs. Catherine Snell Tuttle. It was presented by little Margaret Ann Steinberger, the 5-year-old daughter of Mr. and Mrs. Guy Steinberger, and granddaughter of Mrs. L. E. Steinberger, a charter member. Ten charter members were present.

Mrs. E. D. Burbank then read a letter from Mrs. Glenwood Jones, former member of the Woman's Club, who is now in New York City, and in behalf of Mrs. Jones presented Miss Harriet Grant with a beautiful Syrian brass bowl. Miss Grant responded feelingly, and paid tribute to Mrs. Jones for her "rare gift for friendship, which was essentially a part of her life."

The Membership committee, under Mrs. W. S. Hull reported 47 additions to the club roster, 33

being new.

Miss Ella Shepard Bush introduced Mrs. Sarah Bixby Smith, president of the Friday Morning Club of Los Angeles, as possessing "a fine art of painting, a fine art of prose and verse, and a fine art of leadership." Mrs. Smith spoke on "The Club Woman and Her Town." She said in part: "There are two functions of a club, (1) what we can get for ourselves, (2) what we can do for others. Women always back all interests of public welfare, as a bulletin board, a center of information, as in spreading of information on proposition 6 on the ballot, on which she urged a positive vote, since it "had been thoughtfully worked out" and had the endorsement of Mrs. Susan Dorsey, superintendent of the Los Angeles schools. A beautiful bouquet was presented to Mrs. Smith by the club members.

Mrs. James B. Lorbeer, state vice president at large, was introduced by Mrs. F. H. White. Mrs. Lorbeer's topic was "The Club Woman and Her Federation." It was Mrs. Lorbeer's sixth visit to our club. Mrs. Lorbeer urged a closer contact with the federation by every club woman as it broadens our horizon; it is district, state and national. Federation is interested in every line, whether art, literature, music, or institutions, and makes an all-round woman with world interests. It broadens our friendships, gives us contact with women of other districts and states. "Every woman ought to have a project out of her own home," it makes a woman serve her family better if she enters into community life. The Federation has brought Americanization, adult education, community service and scholarship to the fore. Mrs. Lorbeer concluded by saying that an idea goes like wildfire when it becomes pregnant in women's minds, thru the sense of unity of state and nation.

Mrs. Lorbeer was also the recipient of beautiful flowers at the conclusion of her very earnest message.

Mrs. J. Milton Steinberger spoke in the interests of both the Drama and Music sections which are correlating in their studies. The German Drama is now being studied, while the Music section is studying Schubert. The first Thursday of each month is Drama section day while the Music section meets the second and fourth Thursdays at 8 p. m. at the club house. Mrs. George Morgridge, the very able chairman of the Music section, announces that the next meeting will be October 25, with a Scandinavian program. The artists on this program will be Gus Ribert, well known local pianist and teacher; Mr. and Mrs. Randolph Wood, Mrs. Donald C. Ashmore, and Miss Newman, all prominent artists in our local colony of musicians. Anyone interested may attend and is assured a most delightful evening of music.

Miss Harriet Grant stresses friendship as the foremost idea of the club this year. "Famous for Friendliness" may well be taken as a motto for the year, so anxious is she that all barriers of formality be broken down between club members. She called attention to the many sections of the club in which every woman should be able to find her own interest.

The Book section, with Mrs. John Osgood chairman, will meet the third Wednesday (Oct. 17) of every month. Mrs. Osgood asks that all who intend to join this section please make a special ef-

fort to be out on next Wednesday at 10:30, so as to preserve the continuity of the course.

She also asks members to come prepared to pay dues, in so far as convenient, on the opening day, so as to facilitate matters. Mrs. O. B. Manchesser, the new curator comes to us with the highest recommendations and meets with success wherever she appears.

Do not forget the Cabaret Dinner Dance—a Halloween affair on October 26. See notice elsewhere in this issue, and please phone to Mrs. Carroll E. King not later than Oct. 18th for reservations. Tickets at Sadlers and Central Pharmacy.

Special mention was made by Miss Grant of the splendid work done by Mrs. Wm. Lees in serving the Kiwanis luncheons through the summer.

Arts and Crafts section will meet every Monday evening.

—Mrs. J. H. Robertson, Press Chairman.

#### The News:

Let us win the ball games fair. Those Mexicans last Sunday surely were entitled to a little squarer treatment at the hands of the umpire on the bases. He called a Mexican's hit foul which was ten feet closer to the fair territory than the hit which the same umpire called fair in the ninth inning for Sierra Madre. Some of his base decisions also were palpably rotten. The other umpire was impartial. More power to him.

We want Sierra Madre to win, but we should win fair and square.

Yours truly,  
J. N. Squires.

#### MAKE SCOUTING WORTH WHILE

**A**NNOUNCEMENT is made that the district Boy Scout organization will soon start classes for Scoutmasters, assistant Scoutmasters, troop committeemen and other leaders in Scouting. They will be held weekly over a period of several weeks, two hours to an evening. Here is the chance for Sierra Madre to put Scouting on its feet.

When solicitors go out to raise funds for the local Boy Scout work, people naturally ask "what do we get for it?" They may know that we have one troop with a hard-working Scoutmaster who deserves a lot of credit for doing what has been done without much support. But Sierra Madre ought to have several Scout Troops.

The real problem is not so much one of finances as of leadership. This community is always generous with worthy enterprises under effective leadership. If half a dozen men can be enlisted to take these training courses and engage actively in organizing more Scout troops here, the difficulties of raising \$300 or double that amount for Scouting will fade completely.

These training courses are only one of the many activities carried out by the district organization where Sierra Madre can cash in on its contributions to the district budget.

#### NOTHING'S THE MATTER

**T**HERE'S nothing the matter with our city government. Our councilmen are all that could be wished for, and their work is just about perfect. They run city affairs with the perfection of a 23-jewelled watch and the efficiency of the expert who invent-

ed efficiency studies. Anybody who criticizes them is unpatriotic. They ought to be supported in absolutely everything they do.

This was just written to see how it sounds. Somebody suggested that the local newspaper ought to follow some such policy as that toward the city government. After about two paragraphs of it the councilmen themselves would be joining in the chorus calling it applause and hooley.

It is the belief of the News that local city officials welcome constructive comment and criticism. They are likewise glad to discuss varying opinions on municipal policies. The real problem is to get people to take an interest except when they fear some adverse financial effect, and it is not always possible to get a good perspective under those circumstances.

#### ONE MAN IN EVERY FOUR

**"M**AD as a hatter." Where did that phrase come from? Like as not it started with a hatter who had overstocked on hats, size 6's, says a very readable advertisement of the S. D. Warren Paper Co. "A mile too large," grumbled his first customer. "Way too small," growled his second. "Don't fit," muttered the third. And by then the hatter had learned that the law of averages can't be beaten where head sizes are concerned. Business proceeds largely on the famous law of averages. The modern hatter knows that one head in every four fits nicely into a 6's hat. The haberdasher has found that one neck in every three should be dressed with a 15-size collar. You can't raise these percentages. But nearly every other sales law can be split wide open with the proper pressure.

For instance, automobile salesmen usually expect to sell every twenty-fifth caller. Life insurance solicitors hope to interest ten in every hundred men to whom the girl at the gate takes their cards. The washing-machine road man figures to sign up one new dealer for every seventeen calls.

But these percentages are not fixed. They can be changed. The probability of getting results can be very materially increased in a given situation. The greatest factor in bringing about this change is printer's ink—newspaper advertising and direct mail persuasion. If it were not for printer's ink the averages would bog down the other way, promptly and radically.

#### WHY BOTHER THEM?

**N**OW that the hoorah over getting people to register is past, there will be a hectic month of persuading people to go to the polls and vote. The purpose is laudable enough. But it should not be forgotten that dragging a voter to the polls does not make a good citizen of him. Unless he is stimulated into doing some thinking beforehand it is just as well for the public interest to allow him to stay at home and tend to his tatting.

## Observations

(By G. B. M.)

#### INTO THE WRONG EAR—

"I think there ought to be a committee formed to represent this and that group to put this thing over and keep it alive all the time. There are enough people interested if we can just get them together some way. An organization with 250 members at a dollar apiece would not burden anybody and it would save going out and soliciting funds every so often."

The business man who was speaking was on the wrong side of me—my sympathetic ear was turned the other way. Guess he was a little shocked when I told him nothing doing, if I had anything to say in the matter. For he knew I was interested in the cause he was promoting.

Too many organizations already was the reason. We could eliminate several from those we now have if the remainder would function as they should. It is time for all of them to take stock of their affairs and see wherein they can better fulfill their logical field of activity.

#### WORTHY CAUSES—

The proposal referred to was only one of several that have been made to me recently. Another wants to organize a local lecture bureau to put on a course of entertainments like that of the Ontario Club. For three dollars the South Pasadena group offers six of the world's most interesting speakers during the winter. Another man wants a committee to put on community forum dinners through the winter. And so it goes.

In my judgment the chamber of commerce could be made to serve every purpose and aim of most of these special committees and associations that are formed from time to time. Some way must be found to get the chamber taken seriously by more people than the little group of faithful workers who have stuck by the ship.

#### TIME FOR ACTION—

It is nearly time for the annual chamber of commerce election. Annual dues will soon be due. Are dues going to be paid by just a few, or is the chamber going to be a really representative community organization? Is the burden of work going to be shared by enough people to make it comprehensive in scope and effective in results?

The situation is serious and far reaching. Now is the time to give it serious thought. Who will point the way?

That is to say, the Solid South is not liquid.—Council Bluffs Nonpareil.

#### THE HOUSE COMFORTABLE

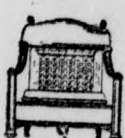

Comfort is more important even, than beauty—in the making of a happy home.

That period of cheerful conversation at the table during the evening meal, will knit the family ties closer and stronger.

But—the dining room must be a cheerful room, especially on fall and winter evenings when it may be cold or damp outdoors.

And the living room or lounge, is the meeting place—the club room, if you please—for the entire family. If it be warm and cosy, cheerful and comfortable, few "outside" attractions can break into the family circle.

Think now, of the cool evenings that soon will come, and order one or more of those cheerful, comfort-promoting Radiantfires.

## Fire Flames

By One of the Boys

This is the night that we all gather round the city hall. With Jack Wilkerson soul town again after having been away on a visit for several weeks, we should have a 100% attendance. Me-thinks the boys are all anxiously waiting for Fireman's Night to come around. That's one night the "Mrs." looks forward to. I never have figured out whether she is glad to get rid of me or whether she really enjoys having me enjoy myself. I don't hesitate to say that I really enjoy Fireman's Night. The boys are of my class. They not only talk friendly, but they ARE friends. One of the boys was asked to do me a favor and he besides, his attitude would indicate that I was doing the favor for him. Real, genuine brotherhood prevails over our meetings.

This may sound like bragging a little. Nevertheless, there IS this spirit existing among the boys and they hardly realize it themselves. Haven't been a member for a number of years, I have had time to know and experience the real stuff. Our nearly 100% attendance at all meetings and practices would emphasize that every member is interested. Chief Richards gives a great deal of his time to the department. His heart and soul for the betterment of the organization. Have you seen his new uniform? The police uniform, I mean.

Assistant Chief Norris is also vitally interested and gives to the fire department a lot of his time and energy. Vernon Udell as first lieutenant is capable, and the proper man for the station.

All the boys (twenty active members in all) are intensely interested to see a high standard and promote a real brotherhood. All the above may sound kind of "soft" from a "hard boiled" fireman. Firemen as a rule are not as hard as they appear on the outside.

As we have occasion to pass by the city hall in the early evenings, we notice the firemen's room is frequented by certain members who enjoy the new radio and what goes with it.

It has been mentioned that we have a ladies night soon. That has been some time ago, so let's bring it up again.

Down at the council meeting last Tuesday evening, Mrs. MacArthur was heard reading the minutes of the last meeting. She read them for Mr. Dietz and by the length of 'em, they must have been for the last twenty meetings. The new councilman was in his chair. Mr. A. Myers appeared to be in his usual state of good humor. Mayor Thayer was seen to blush occasionally, while Mr. Belohlavek and Mr. Isaacs were their usual cautious selves. Chief of Police Cox supported Jim Carpenter at the two seats for them that are placed within the fence.

The baseball game of last Sunday was very exciting and proved that we will eventually have a first class home team. The boys all played a nice game. The fielding star of the game must easily have been the opponents' second baseman. He seemed to be where they hit 'em. Bent (replacing Kenney in the pitcher's box) is well named. He certainly "bent" a lot of them into the catcher and had he started the game there would have been a different story. Bob Kenney pitched his usual game. Arriola for the visitors pitched a steady game. Dave Poehler hit 'em hard at the opportune time. Emil Smith was switched to first base, giving Harkness the second bag. Both played a nice game. To see Val Miller in a baseball uniform was a real treat. He looks like a ball player. Leo Smith is really developing into a fine short stop and a batter. When Walt Heber walks up to bat, it is nearly a sure bet he is going to hit the ball. Walt should be backed by a batter that will advance him; he was left on bases often. Parker made a nice catch in right field, but he also misjudged one. Having had not the proper time to hunt, he was unable to show his stuff. Lama, the catcher, kept the team under control and played

his usual game. As some reliable people say the last hit ball was a foul and others say it was fair, what are we gonna do about it? At any rate, I feel we had 'em bested in the last inning.

### THE HOME AND THE SCHOOL HEALTH PROBLEM

The child does the greater part of his living in his own home. Health habits which center around the fundamentals of eating, sleeping and the care of the body are daily practiced in the child's home. The school tries to make interesting, and thereby strengthen the health habits which the child early learns in a well functioning home. The school always needs the home in "putting over" an effective health program. Best results are attained when fathers and mothers co-operate with the teachers in health work.

Learning health habits at school can so interest a child that he will go home and brush his teeth, go to bed on time, drink milk and eat spinach without being told. The school needs the help of the home in giving the child every chance to carry out his "inspired" interest in health. Long hours of rest are needed for good school work and incidentally the coveted health record. A child may go to bed on time to earn his sleep marks, but he cannot control his sleeping environment. Distracting noises, lights and poor ventilation defeat the good intentions of the young health crusader. He needs, also, a wholesome, simple evening meal served early to make his sleep undisturbed, as well as to give him an appetite for breakfast. He needs to have a well planned program to allow for enough time to dress, eat his breakfast without hurry and start off to school without that harmful exciting fear of being late.

Always will the school child find in his home the most important occasions for putting his school health teachings into practice. Understanding co-operation of home and school are essential.

"The Fleet's In!" starring Clara Bow, will open at the Wistaria tonight. As may be guessed from the title, the picture is a "sea-going" one, however, the action of the story for the most part is laid in a seacoast town.

"The Cardboard Lover" which

opens Sunday is a fun fest that moves so fast the audiences hold onto their seats with one hand and their chests with the other. Imagine Marion Davies in a combination of French farce and American comedy, laid in Monte Carlo where men are men and women are out after 'em!

With the return on Tuesday of Clara Bow in Gene Stratton Porter's most popular work, "Keeper of the Bees," patrons of the Wistaria will have an opportunity to view the madcap of the screen in what is perhaps the most moving role of her career.

A colorful, yet intensely human, story of New York's much exploited East Side, has been brought to the screen in "Little Mickey Grogan," FBO's first starring vehicle for the child star, Frankie Darro, which comes next Thursday only.

## BETTER VALUE AT HOME

APPROACH of the winter season with  
long evenings when radio promises  
endless delight makes the new models now  
available among radio sets wonderfully at-  
tractive. Dealers and manufacturers are  
combining in advertising and sales effort in  
a way to stimulate trade activity beyond all  
previous records.

And this brings to mind a curious situa-  
tion. The lure of that which is distant,  
combined with the unfair advertising tactics  
of some Los Angeles dealers attracts radio  
buyers from Sierra Madre when they could  
do better on the same article right in their  
home stores.

This statement applies to radio sets of  
standard make, sold at the same price every-  
where, the best kinds to buy. Some of the  
big city dealers deliberately frame the ad-  
vertising to imply special prices or extra  
inducements. Close reading of the ads shows  
that no actual advantage is offered and the  
rules of the manufacturers forbid price con-  
cessions.

Customers who buy such radio sets from  
their home town dealer buy as cheaply as  
they can anywhere. And they have the  
advantage of convenient service from radio  
experts who are familiar with local condi-  
tions and take a personal interest in secur-  
ing good results for their customers.

What is here said of radio sets applies  
with equal force to a great range of other  
merchandise. Try your home merchant first.

## WHEN SAFE DRIVING BECOMES RECKLESSNESS.

WHEN a small boy fell beneath the  
wheels of an automobile at the school  
house crossing the other day the prophecies  
of many people were fulfilled in part. The  
point at which the prophets failed was the  
providential saving of the lad's life.

Sooner or later, unless regulations are  
made more stringent and drivers are more

careful, there will be a fatality along High-  
land or Auburn Avenue. Then there will  
be a great agitation and people will say it  
must never happen again—and go on about  
their ways in forgetful indifference.

Authorities cannot escape responsibility  
for the utmost care in making traffic safety  
precautions for school children. But the  
final responsibility is with drivers. There  
is really little excuse for traffic injury to  
children close to a school house. Drivers  
cannot fail to know when they are near a  
school and when there are groups of chil-  
dren on the street. They must also realize  
that children are uncertain in their actions,  
apt to do the unexpected thing. Driving  
which would be safe anywhere else becomes  
reckless driving near a school. It ought to  
be watched accordingly.

## YES, IF YOU DON'T WEAKEN

THIS is the time of year when all the  
organizations in town are trying to get  
started at once, full speed ahead and usu-  
ally a meal thrown in somewhere as an ac-  
celerator. What a life! The business man  
who tries to keep up with every group to  
which he is connected has few meals left to  
eat with his family, assuming that his club-  
going wife has time to cook them.

## SWAT NO. 1

LOS ANGELES county has 925,292 voters  
registered this year. If the so-called  
"Constitutional Reapportionment" (No. 1 on  
the ballot is approved by the voters, there  
will be just one state senator to represent  
them, the same as some of the mountain  
counties of the north with a vote about  
equal to some of the small towns of Los  
Angeles county. That's just "bologna," any  
way you slice it.

## WHO IS BACK OF IT?

THIS week's collection of offerings from  
the professional publicity purveyors  
brings a "news story" telling of court at-  
tacks on Mattoon act proceedings. This and  
other indications point to a concerted effort  
to break down public confidence in the Ma-  
toon Act. The law may have its faults. If  
so, they should be corrected. But it would  
be interesting to know who is so willing to  
spend money to "show it up."

SIERRA MADRE has now gone over the  
\$1,000 mark for Red Cross hurricane re-  
lief. The annual roll call is next. This spe-  
cial fund is just to keep us in practice.

our friends. Our friends lie to us, in their  
kindness, while our enemies tell us the  
truth."—Roe Fulkerson in Kiwanis Mag-  
azine.

## "The Light's Too Poor"

WITH a Modern Kodak, such statements won't  
bother you. For a Modern Kodak is inde-  
pendent of bright light—it gets good pictures early  
or late in the day, indoors near sunlit windows,  
outdoors in the shade.

The reason is that Modern Kodaks are equip-  
ped with faster lenses—lenses that admit more light  
to the film for better exposure. And Kodaks with  
these remarkable lenses are now available at less  
than half the former price of such optical equip-

## Interesting News Notes from Sierra Madre Canyon

Mr. and Mrs. J. R. Thompson returned to their home, "Ak-sar-ten Camp," on Sunday evening after an absence of two months spent in traveling thru the southern and middle western states. They visited 13 states, covering more than 6000 miles. They report crops good almost everywhere throughout their travels, but the prospects for a wheat crop next year not very good owing to dry weather in many places and the late sowing. Mr. Thompson states that politics was the leading topic of discussion everywhere he went and that there was a pronounced trend toward Hoover. He found a very friendly feeling for Hoover throughout the Mississippi Valley, where people have not forgotten the accomplished during the Mississippi flood. It looked very much as the Hoover would break into the solid South, states Mr. Thompson and that after calm second thought he feels that many people are not satisfied with Smith on the leading issues of the campaign and are deserting the Smith camp to vote for Hoover. On the return trip on the night of the 11th instant, about 40 miles west of Cheyenne, on the main line of the U. P. high up in the Rocky Mountains near Green River, the Thompsons were snow bound for 7 hours in a raging blizzard. Thirteen other passenger trains were in the same condition. After several hours of strenuous work with snow plows, trains began to move slowly on their way. Mr. Thompson says many people are now on their way to California and thousands are planning on coming as soon as the necessary arrangements can be made.

On Friday night Mrs. Lillian E. Wheeler celebrated her birthday anniversary with a dinner party given at her home on Alta Vista Drive. The table was artistic with pink flowers and greenery. Place cards also carried out the color scheme. A delicious cake decorated with candles was cut and served to the guests by the hostess. Those present were Ed A. Harrington, Mr. and Mrs. Eugene McCord of Los Angeles, Miss Grace Felker of Washington, D. C., and Charles W. Resnaw, president of the Wheeler company in Los Angeles. ROTARY IRON

Cleans your rugs in shortest time POSITIVE AGITATION

Thorough cleaning does not mean slow cleaning. The most thorough cleaning your rugs can receive—Hoover cleaning—is also the fastest.

The Hoover removes the most dirt per minute because its exclusive principle, "Positive Agitation," beats out the deeply-buried, destructive grit as rapidly as Hoover sweeping and cleaning remove the surface lint and dust.

Only in cleaners made by The Hoover Company will you find this deep-beating which brings new thoroughness and speed to cleaning. We shall be glad to demonstrate in your home what repeated tests have shown—that The Hoover removes more dirt per minute than any other cleaner.

Because The Hoover represents the highest point in electric cleaning efficiency, you will want to see this test, no matter what machine you buy. Telephone us for a free demonstration.

Cash prices, Model 700 Hoover, \$75. Model 543, \$59.50. Dusting tools, \$12.50. Easy payments if desired. Only \$6.25 down. Liberal allowance on your old machine.

Is Perfect Rest worth '1 a year to you?

BENJAMIN FRANKLIN spoke of "paying too much for a whistle"—and frankly there is always the temptation to pay the highest price for the obvious things and try to "make-up" by spending as little as possible for those which are not predominant.

But proper sleep is so necessary that it must not be classed among the unimportant. If a mattress and spring last ten years the difference in cost between one that will just "get by" and the best is about one dollar a year.
